centraleyes

Next Generation GRC

The Centraleyes Solution

Implement and onboard in under 60 seconds, train and operationalize in only a few hours

Implement automated actionable remediation steps and easily analyze data with visual dashboards

Immediately automate risk and compliance management with over 100+ built-in frameworks and standards. Utilize preloaded surveys, analyze and evaluate through integrated assessments — or upload your own

Generate real-time, comprehensive, & intuitive reports, and effortlessly convey your cyber risk and compliance posture to executives and auditors

What Can You Do With Centraleyes?

Implement an Onboard in a Single Day

Deploy the platform in minutes with no code or learning curve and configure it to fit your organization's unique structure

Supports APIs with top security tools and features 100+ pre-loaded industry frameworks and standards

Multi-tenancy allows for team collaboration, greater accountability and increased productivity

How We Connect to The World

Centraleyes integrations enable continuous monitoring of your platforms and cloud services for compliance. By connecting with tools like Microsoft Defender for Cloud, assessment results become part of an overarching governance, risk, and compliance program.
