

Add Next-Generation Cyber Risk Management to Your Service Offerings

One Centralized Solution For All Your Clients

10x Faster, 10x Better

Save hundreds of hours when it comes to gathering data, quantifying risk, and managing client risk with Centraleyes.

Multi-Tenant Management

View and assess your entire client portfolio from a single, unified dashboard. Provide clients with comprehensive tools to reduce risk and meet compliance.

Smarter Reporting

Generate cutting-edge visual reports and analytics to provide detailed insights into your client's risk profile and empower more intelligent, strategic decisions.

Evaluation at Scale

Manage your clients more efficiently and effectively through automated data collection, remediation planning, and smart mapping to multiple frameworks.

The Challenge:

A New Era for Risk Management Consulting

The threat landscape facing modern businesses becomes more complex by the day — and the demand for qualified, knowledgeable cyber risk consultants is higher than ever.

In a highly competitive market, however, expertise alone is not enough. You need access to a robust platform that enables you to measure, quantify, and manage client risk at scale.

Centraleyes:

Risk Management Advisory Services Simplified

With Centraleyes, managing risk for your clients is simpler than ever. As the world's most advanced cloud-based risk management solution, Centraleyes combines multi-tenancy, real-time threat intelligence, and comprehensive risk scoring into a single, centralized dashboard. Backed by cutting-edge automation, it automates, optimizes, and streamlines your entire risk management process from beginning to end.

Onboard New Companies in Minutes

Onboard new companies in minutes and leverage the platform's 50+ pre-loaded frameworks and automation capabilities. Rapidly apply intuitive risk scoring across multiple frameworks to all of your clients.

Save hundreds of hours onboarding new clients with a no-code deployment

Apply 50+ pre-loaded industry frameworks and standards

Quickly assess and score clients across multiple, relevant frameworks at scale

Automate and Orchestrate All the Manual Work

CCentraleyes simplifies data collection and analysis. Save hundreds of hours by managing all of your assessments and reports for multiple third-parties in one cutting-edge, visual dashboard. Understand your client's risk posture in real-time, track progress, and minimize their exposure to risk with automatically generated remediation steps and insights.

Use Smart Questionnaires to map risk levels across multiple frameworks and industries

Ensure clients are continuously improving and empower clients with AI-powered remediation planning

Quantify, prioritize, and mitigate portfolio risks by creating and managing risk profiles through a centralized dashboard.

Simplify Executive Level Reporting

Save resources using automated analysis and report tools that allow you to track progress over time. Maximize executive-level support with easily comprehensible reports that highlight cyber for each client. Break data down into visual reports that represent a client's current state of affairs, bring executives up to speed and streamline the decision making process.

Automatically generate highly-visual, detailed, and customizable reports for your clients

Convert technical risk into business risk with quantifiable metrics and industry benchmarks that show empirical data trends

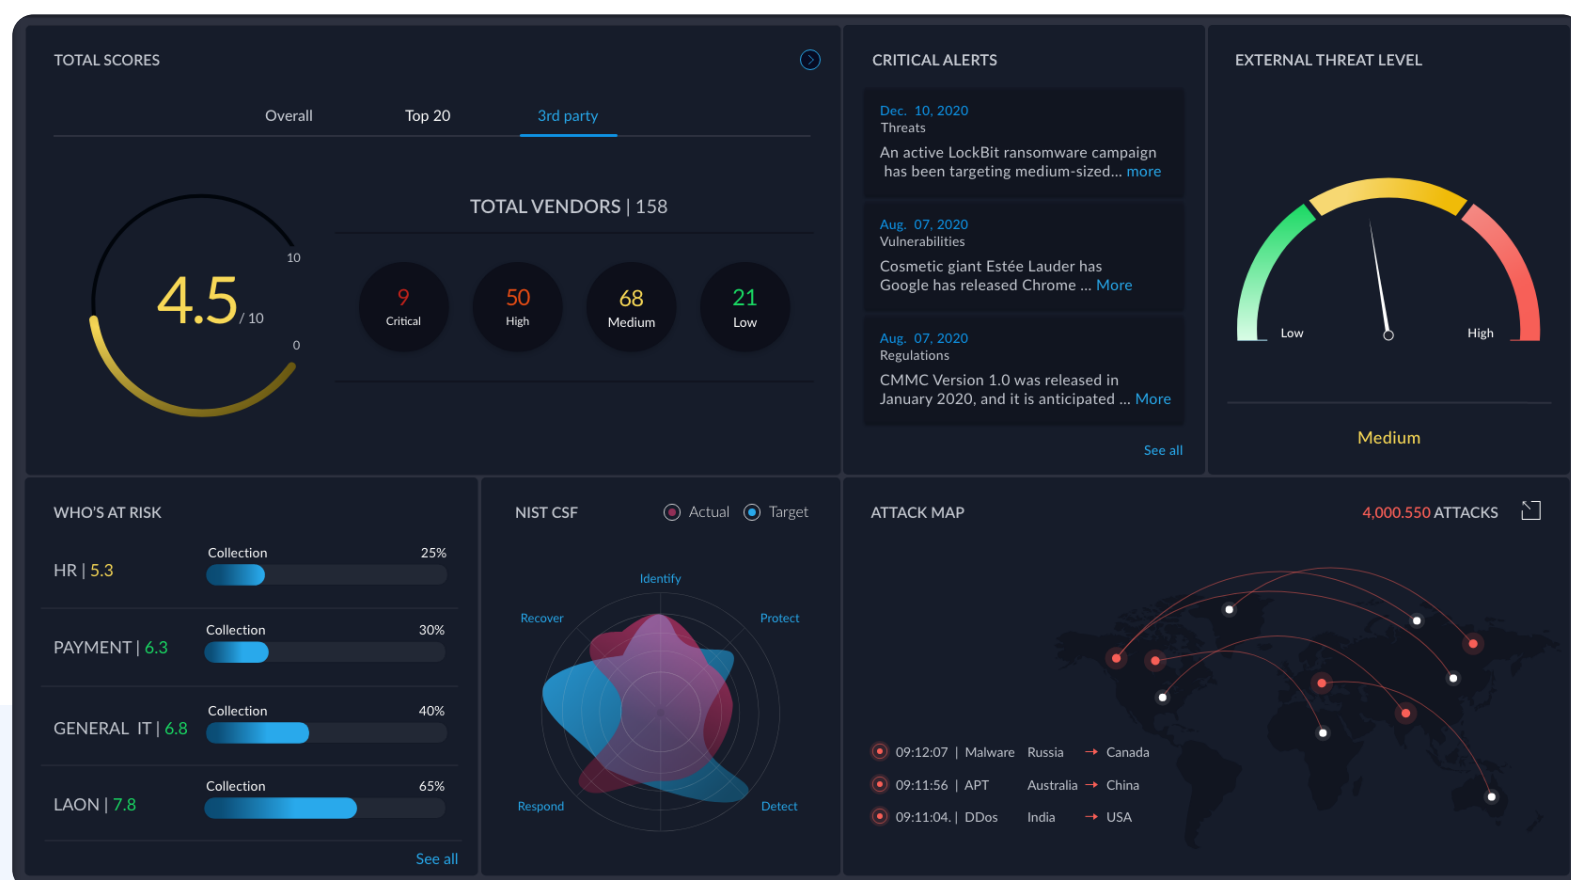

Leverage a cutting-edge visual dashboard that's clear, easy to comprehend, and offers multiple layers of data

Key Benefits

A Powerful Value Add

- Apply your own branding to wrap Centraleyes into an existing portfolio.
- Add to your existing services and provide clients with tools to mitigate risk.
- Differentiate yourself from the competition with cutting edge technology.

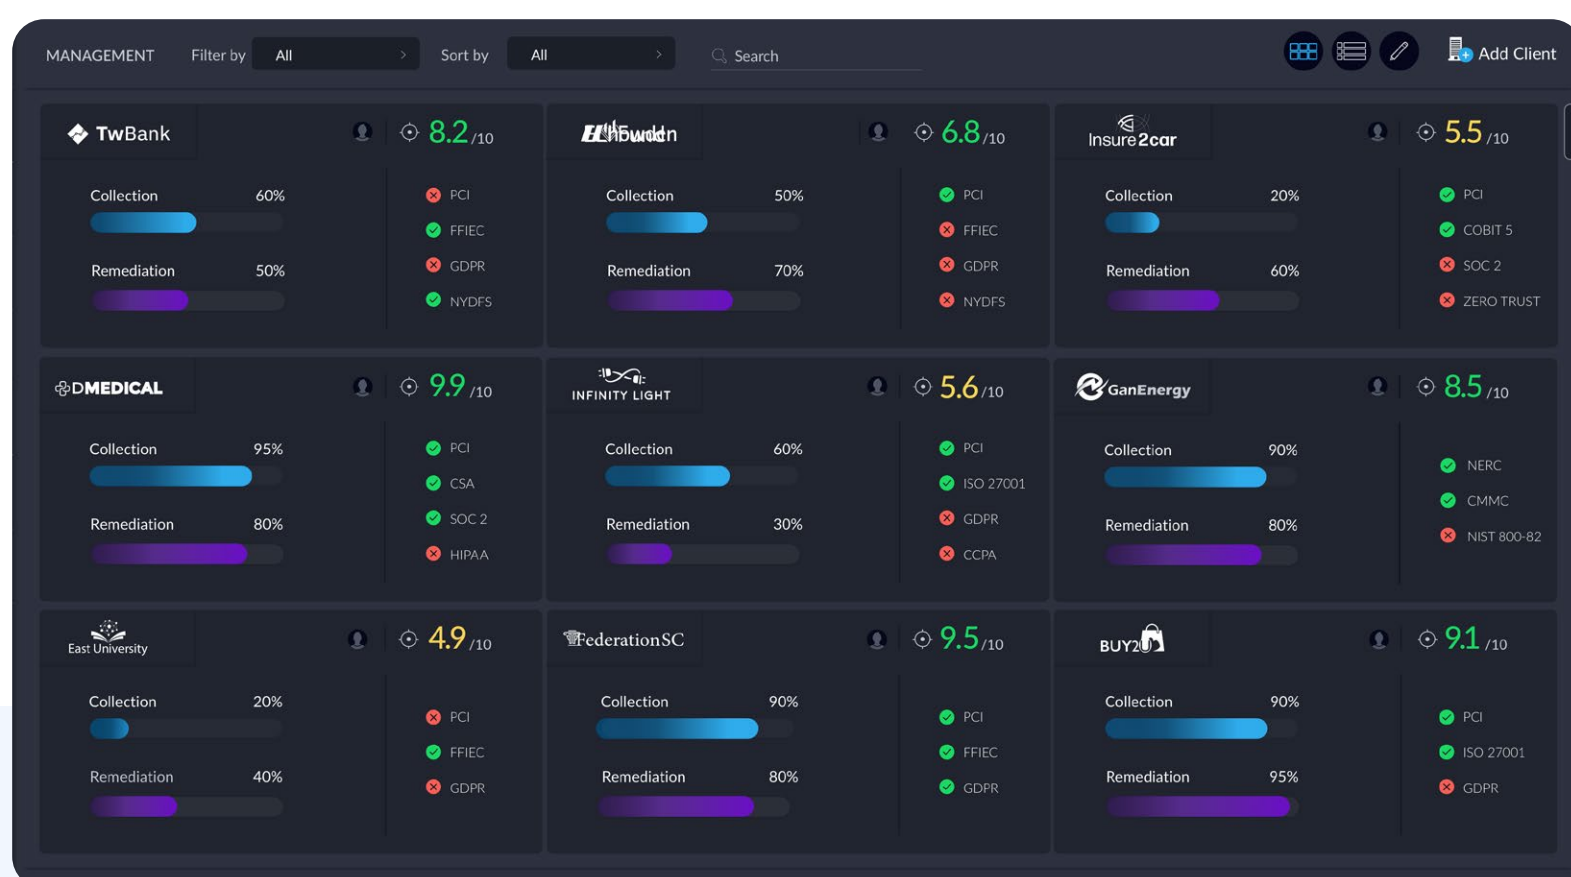

Guided Compliance

- Automatically map controls for 50+ frameworks/standards.
- Display a color-wheel breakdown of all frameworks and controls.
- Provide real-time GRC and remediation advice.

Single-Screen Client Management

- Deploy Centraleyes to clients in seconds.
- Intuitive risk scoring and executive-level reporting enable better guidance.
- Manage your entire client base in real-time via a centralized dashboard.

Infinite Scale

- No-code, one-click deployment for easy onboarding.
- Powerful API for more complex integrations.
- Industry-leading infrastructure.

Faster Assessments

- Quickly evaluate clients with comprehensive, customizable smart questionnaires.
- Automate workflows, orchestration, and remediation for your consultants.
- A powerful Risk Register allows automatic risk assessment and remediation while also enabling manual benchmarking and filtering.

Centraleyes is the industry's latest, most advanced cloud-based integrated cyber risk management platform. Centraleyes gives organizations the unparalleled ability to automate and orchestrate their entire cyber risk and compliance processes. Centraleyes provides an exceptional ability to see, understand, and react to cyber risks in a dynamic and effective way. Organizations that deploy Centraleyes save time and resources, and increase their cyber resilience in a world of ever-evolving risks. It is truly cyber risk management reimagined.
